

PTFE Mixer with Injector

different Mixing Elements

MX Version

MV Version

hygienic design
food and pharmaceutical industry

20 years innovative mixing Technology

Our range of products:

- * Static mixers from Stainless Steels and Plastics in 18 different types
- * Tube bundle and double-pipe Heat Exchanger with integrated Static mixers
- * Injectors for pipeline and tank installation
- * Dispersing equipment for gases and liquids in self or pressure-driven design

Production sizes:

von DN 5 bis DN 2500mm

Country of Origin:

Deutschland

Production by:

PED, AD, TRB
TRD, TÜV
ASTM, ASME
TEMA, BS
Stoomwezen
China-Stamp

Materials:

C-Steel, Stainless Steel
Titan, Alloys, Hastalloys,
Inconels, PP, PVC, PE,
HDPE, PTFE, PVDF,
Ceramics, Glass

antiblocking
